

Environmental Policy

The Coating House, Inc. is committed to a healthy, safe and environmentally friendly environment to conduct its business operations. As part of this philosophy, it is The Coating House's policy to comply with all applicable environmental regulations and to identify opportunities to reduce or eliminate waste, hazards, and pollution. Providing a safe, healthy work environment shows our commitment to employees, customers, and our community.

The foundation of our success is a total teamwork approach, based on an open line of communication with our employees, customers and vendors. The Coating House team is dedicated to accomplishing a common set of goals.

We commit to compliance with applicable regulations and other subscribed requirements. A continuous improvement mind set is crucial to the identification of opportunities concerning the environment, waste minimization, pollution prevention and hazard reduction related to the environmental aspects. We ask and encourage our suppliers to do the same.

Should you have any questions or concerns regarding this statement, please do not hesitate to contact us.
